Dear brothers in Christ,

It is a great surprise to us that our letter dated October 17th, 1992 took two months to get to your locality. We are also greatly saddened by your unbalanced allegations based on ill-informed report toward us.

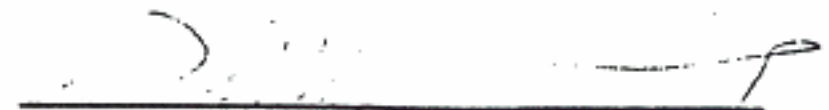

One of the brothers among us is out of town for about three weeks. In the meantime, we will continue to bring this matter to the Lord for His leading. Once we have His clear guidance, we will respond in His ways and timing that he would allow us to do so. Brothers, we are just slaves of our Lord Jesus whom alone do we serve and obey. Without His leading, we are unable to do anything.

Please restrain to make any more statement that may damage our relationship any further.

In Christ,

Borchyi Chang
